TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: RELEASE OF RFI ON OFF-THE-SHELF ONE-STOP CAREER CENTER SYSTEMS

The purpose of this information bulletin is to announce that the Workforce Services Branch is releasing a Request for Information (RFI) asking for detailed specifications about existing (off-the-shelf) One-Stop Career Center technology solutions. A copy of the RFI is available in either Rich Text or Microsoft Word format. Responses are requested no later than August 15, 2006.

The objective of this RFI is to obtain information about existing web-based systems that will support the Workforce Investment Act and Wagner-Peyser state and local business processes and afford sufficient security to protect client confidentiality. To be responsive to the RFI, the system must be adaptable to the Employment Development Department's (EDD) Information Technology (IT) architecture and efficiently facilitate collection, processing, and retrieval of federal and state required management information. The linked RFI document provides more detail.

This RFI is designed to inform the EDD about the available options. This is not a request for proposal. The EDD will not reimburse for the expense of responding to this RFI and makes no commitment to procurement based on this process or the information supplied. Responses to the RFI should be submitted based on the instructions in the RFI document *Section 2.2 Project Plan/Contacts*. Specific questions related to this process may be directed to Steve Park, Manager, Workforce Investment Division, Local Automation Support Unit at [SPark@edd.ca.gov](mailto:SPark@edd.ca.gov).

Chief  
Workforce Investment Division
